MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Water Supply - [redacted] 25X1A 25X1A6a

REFERENCE: Memorandum dated 6 April 1955, to the DD/S from D/OL, Subject as above.

1. This memorandum suggests action on the part of the Deputy Director (Support). Such requested action is contained in paragraph six.

2. Based upon referenced memorandum, $24,000 has been approved for drilling a well, installing a well pump and booster pumps, underground pipe lines and electric service.

3. The first well drilled did not have sufficient flow and it has been necessary to drill a second well in order to make up the deficiency. The combined flow of the two wells is now considered adequate for the purpose intended.

4. The matter of additional funds for a second well was discussed with the Comptroller's Office and approval given to use allotted funds for drilling the second well while the contractor's rig was still on the site. Funds from the original project were obligated for the second well while other work under the contract was held in abeyance pending completion of the second well.

5. Additional funds are now required in order to utilize the second well and connect it into the presently planned system. The cost of this additional work is estimated as follows:

a. Drilling six-inch well to a depth of 350 feet and installing necessary casing - $5,000.

b. Installing well pump with allied equipment, installing water and power lines and constructing pump house - $7,000.
